

Annexure I- Functionalities released by NSDL CRA

No.	Name of Development/ Functionality	Description
NPS Regular/ eNPS		
1	Subscriber Registration contribution	<p>Following changes have been carried out due to bifurcation of 'Ladakh' from 'Jammu & Kashmir' and merging of UT(Union Territory) - 'Daman & Diu' and 'Dadra & Nagar Haveli':</p> <p>a) Creation of New code in CRA system to map existing PRANs and Offices to 'Ladakh' UT.</p> <p>b) Changes in contribution to allow both Govts. to make contribution in PRANs of the Subscriber.</p> <p>c) Merging of Dadra & Nagar Haveli with Daman & Diu. The new UT is Dadra & Nagar Haveli and Daman & Diu.</p> <p>d) Transaction Statement Changes for Registration of UT-Ladakh - addition of footnote for the Subscribers registered under Ladakh.</p>
2	Statement of Transaction	<p>Format changes in Transaction Statement (to reduce Subscriber Grievances):</p> <p>a) Changes in Contribution/Redemption Block</p> <p>i) Change in block header to 'Contribution/Redemption Details during the selected period'</p> <p>b) Changes in Investment Details - Scheme wise Summary Block</p> <p>i) Removal of Scheme wise contribution and unrealised gain/loss fields</p> <p>c) Changes in Transaction Details block</p> <p>i. As per the revised format, Opening unit balance in transaction details will be displayed only in the first block and Closing unit balance in transaction details will be displayed only in the last block. Earlier, if subscriber made changes in PF and/or scheme setup then multiple transaction details blocks are displayed where first block is the PF-scheme details as on statement opening period and last is the PF-scheme details as on statement closing period.</p> <p>d) Changes in Footnotes</p> <p>i. Addition of footnotes related to "Cost of withdrawal/one way switch/GPF Withdrawal", system generated statement and signature not required etc ii. Modification in note related to tax benefit.</p>

No.	Name of Development/ Functionality	Description
3	API based PAN enquiry	PAN based API web-services provided to PoPs with following fields to carry out activities of Subscriber Registration, contribution etc.: 1) PRAN confirmation (Yes/No) 2) PRAN sector 3) PRAN Status 4) Freeze Reason (if any)
4	API integration	Server Integration for following processes: 1) Enabling Bulk PRAN enquiry - POP can check the status of bulk PRANs through a web-service call to CRA system 2) Enabling Subscriber List download - POP can download the subscriber list of mapped PRANs through web-service
5	API integration with ASPs	1. Annuity Calculator has been made available on CRA Corporate Website as well as in CRA system to display annuity quotes of different Annuity Service Providers (ASPs). 2. In the Annuity Calculator, quotes are displayed on the basis of Jar file & Rate sheets received from ASPs. Now, to display Annuity Quotes on real time basis, API based system integration has been carried out between CRA & ASPs.
6	eNPS - API integration with KCRA	1. At present, at the time of Subscriber registration through eNPS, if PAN entered by the Subscriber is already mapped against another PRAN then registration is not allowed. 2. Now, with the help of KCRA Web service Integration for Duplicate PAN check, Subscriber will not be allowed to do registration on eNPS platform if PAN is already mapped to PRAN in KCRA.
7	eNPS - Contribution	Direct Remittance (D-Remit) feature was available to "Indian Citizens" only. Now it has been extended to NRI Subscribers also. At the time of making contribution through eNPS, default -Tier I option gets selected. Now while making contribution through eNPS, Subscriber is now required to select the Tier for his/her contribution.

No.	Name of Development/ Functionality	Description
8	ERM	<p>In case of ERM Processing, Nodal Offices are required to update their Bank Account details in CRA records. At bank account number field, only numerical account number can be stored.</p> <p>Based on the feedback received from Nodal Offices, now alpha-numeric account number will be accepted at Bank Account Number field for ERM processing.</p>
NPS Lite/ APY		
9	APY - Mobile App	<ol style="list-style-type: none"> 1. In APY Mobile App, option is available to download various documents like Registration Form, Voluntary Exit Form, Contribution Matrix etc. At the time of download of documents, User is redirected to the NSDL Website. 2. Now, Subscriber will be able to download all the documents in the App only instead of getting redirected to NSDL website. <p>In APY App, Subscriber will be able to download PRAN Card by providing details such as Subscriber Name, Bank A/C Number, Date Of Birth and Captcha. Subscriber is not required to login to App to access this feature.</p>
10	eNPS - APY	<ol style="list-style-type: none"> 1. APY Subscribers have an option to opt for physical PRAN Card through eNPS portal wherein the Subscriber is required to pay PRAN Card printing charges through Payment Gateway Service Provider. 2. Now, UPI by Axis Bank as an additional payment option has been enabled for Subscriber.
11	NPS Lite / APY - CGMS	Central Grievance Management System (CGMS) has been implemented in NPS Lite/ APY for registering queries/ grievances. At CGMS platform, all the labels on website has been displayed in Hindi.
